Dear Student,

Congratulations on earning acceptance to St. Joseph by the Sea High School. You have reached a milestone in your education!

It is an exciting time to be a student at Sea. We have recently launched our pre-veterinary initiative, are beginning our seventh Robotics team season and are working on publically relevant health concerns in our Institute program. We are continually striving to enhance our curricula and create opportunities that will provide you with the most relevant education. It is our goal to afford you with opportunities that will give you the best foundation for continued success.

Again, congratulations on your achievement. I am looking forward to assisting you in your transition into high school and in facilitating your success over the next four years. I am excited to see what you can and will accomplish.

Sincerely,
